

Ready, Set, Go!

Please join us for an exclusive and unique driving event.

Event Sponsors:

Bryan Harasty, Invesco

Doug Macomber, Deutsche Wealth

Don Murphy, Virtus

Date: June 23, 2015

Time: 3:00 p.m. - 6:00 p.m.

Place: Mark One Composites
6545 Guion Road
Indianapolis, IN 46268

Experience Tesla Model S

The world's first premium electric sedan sets the standard for 21st century performance. Designed from the ground up as an electric vehicle, Model S provides unprecedented range and a thrilling drive.

Instantaneous, silent, smooth acceleration – feel the exhilarating performance of the Model S with a Tesla Product Specialist at your side.

Your driving session will span a designated route designed to highlight the capabilities of the Model S and will optimize your introduction to this remarkable vehicle.

Train like the pros

Mark One Composites, creator of carbon fiber and Kevlar parts for racing vehicles, and iAdvance Motorsports, who trains and coaches professional race car drivers, each extend a one-of-a-kind opportunity for guests.

- See a demonstration of Mark One Composites' process and receive a private tour of their facility.
- Take a spin in the iAdvance Motorsports professional race car simulator – one of only a few of its type in America – capable of replicating any race car on any track. The screen is 22' x 5' curved with 3 HD projectors and has a force feedback steering wheel – feel the bumps and the curves of the road.
- Hear tales from a former Indy race car driver.

Drinks and appetizers will be served.
